1. What do you think learning support is?

It is a department that can help you with your learning and other issues that you may have within school or outside.

2. What does SEN mean to you?

It doesn't mean anything to me.

3. What do you like about the support you receive?

I like the one to one support that I receive as I don't have much confidence but working in learning support has given me confidence in lots of things.

4. Do you feel it helps you?

Yes it does help me with my learning

5. Do you prefer group support or one to one support?

I prefer one to one support instead of a group lesson then I can ask questions quietly.

6. What do you want to get out of the support?

I like to ask for help if I need to if there is something I don't understand.

7. What do you think helps you learn?

If a teacher shows me the work then I can do it independently.

8. Do you feel safe and cared for within school?

Yes I do – someone is always there to talk to and listen to you. Very understanding.

9. Do you feel comfortable asking for help from a learning support assistant?

Yes I do – no matter what the question is.
