Jobs

Before I started teaching I worked at Starbucks (my first and only job before teaching). I worked here for 6 years alongside college, university and my teacher training!

When I was younger, I wanted to be ...

A teacher! Since the age of 11 (in Year 6!) I knew that I wanted to be a teacher because I had to stand at the front of the class to help my teacher one lesson.

Interests and hobbies

I love travelling the world whether it is a holiday or a city break (the most places I have visited in a year so far is 13!).

If I am not working you will either find me at home (probably watching Netflix), socialising with friends or doing a class at the gym!
