**Y11(1X) SPANISH IZZY CONYON**

**90 WORD QUESTION - APPLICATION**

Vivo en una casa individual con mi familia, vivimos en las afueras. Lo bueno es que vivimos cerca de una ciudad, tiene muchas tiendas y restaurantes. Sin embargo lo malo es que vivo cerca de un aeropuerto dado que es muy ruidoso. Siempre me ha gustado vivir cerca del campo porque los fines de semana me mola pasear mi perro con mi familia allí.

En mi casa hay cuatro dormitorios y tres cuarto de baños, me gusta mi dormitorio porque es muy moderno y bonito pero si tuviera la opción me gustaría un dormitorio más grande. También en mi casa hay un jardín grande con un trampolín, a mi hermana le gusta ir al trampolín todos los días porque piensa que es muy sana pero también divertida. Aunque en mi opinión no me gusta mi cocina porque es no está equipada, entonces en el futuro me gustaría una cocina bien equipada.

Cuando era pequeña vivía en una casa adosada en Londres, era muy pequeña y la calle fue muy sucia. La casa tenía un salón pequeño pero tenía un comedor muy grande y una cocina bien equipada. Vivía cerca de un parque muy bonito y salía con mis amigos todos los días porque era muy emocionante.

Si fuera rica en el futuro me gustaría vivir en Nueva York dado que parece que es una ciudad muy animada y entretenida porque hay siempre mucho hacer. Espero vivir en un apartamento fantástico. En mi apartamento habría cinco dormitorios, un gimnasio y un cine. Además me gustaría vivir en Nueva York porque mi tío vive en Massachusetts, entonces para visitarlo a menudo.

"People say 'it's just a shoebox' but it isn't. It tells that child someone, somewhere, has done this for them; that someone cares about them."

Dave Cooke, Founder

WE WANT TO HELP AS MANY CHILDREN AS POSSIBLE

Since 1990, a charity called 'Samaritan's Purse,' has helped over 100 million children in 130 countries receive a Christmas gift. They call the campaign, **Operation Christmas Child**.

If you can help this year, please bring your boxes in by **Monday 21<sup>ST</sup> November**

This is our local collection depot!

These are boxes we collected 5 years ago! We had over 100 boxes and would love to donate this many again!

Last year's boxes!

SHOEBOXES!

- Over the last couple of years, you have all done a fantastic job of helping us to collect shoeboxes and hopefully, you can do the same this year!
- If you can help, you can fill an old shoebox yourself, with your family, friends or with your form. You could also bring items in and the RMS Leaders will make up the shoeboxes with all the donations.

Ideas for a shoebox:

- Toys (e.g. cuddly toys, dolls, cars, puzzles)
- Gloves, scarf, hat, sunglasses, sunhat!
- Stationery (e.g. pens, paper, colours, pencil sharpener, colouring books etc.)
- Small musical instruments (e.g. harmonica, kazoo)
- Toiletries (e.g. toothbrush, face cloth, soap) No liquids!
- Sweets – Teams4U ONLY!

**ONLY BRAND NEW ITEMS CAN GO INTO A SHOEBOX. ALSO, NO BOOKS PLEASE (EXCEPT FOR COLOURING BOOKS!)**

T4U and Samaritan's Purse have different rules on what can go into a shoebox, so make sure you read

Remember that every shoebox tells a child somewhere in the world that they are loved.

Another charity called Teams 4 U also collect filled shoeboxes for children **and** their families in Eastern Europe. The aim of this charity is to see children who are traumatised through abuse, war and poverty laugh again.

T4U History of the shoebox (this was in 2015. It's 32 years now).

## MRS. FOWER

This is the first I have read by this author. I absolutely loved this book! It starts with a young couple who move into her Grandmother's cottage. They start to have an extension and find a body buried in the garden.

I like that there are different POVs and it builds a timeline throughout. There are so many twists and turns, lies and deceit. It is FAB!

### National Read a Book Month

## MISS WATERHOUSE

I loved it and couldn't put it down! It was recommended to me by my 15-year-old daughter and although it's not my usual genre, I was hooked from the start.

It is about a Hollywood movie star (fictional) who decides to tell her life story to a reporter. Each part of the novel is about each of her husbands! Brilliant.

**REMARKABLE CREATURES**  
EPIC ADVENTURES IN THE SEARCH FOR THE ORIGINS OF SPECIES  
**SEAN B. CARROLL**

"Offers a bracing tonic for those whose rational enjoyment of the natural sciences currently seems in danger of being overwhelmed by the wildest seductions of creationist 'Specy'."

Read the amazing story of a family of scientists who carried on where Charles Darwin left off. As well as completing new research into the evolution of species, they were keen on going for early morning swims in Africa... in crocodile infested lakes. They had to shoot bullets into the water to scare the crocs away!

# ADHD

**AWARENESS MONTH**

**Week 4. What can people with ADHD achieve?**

**ADHD should not be seen as an obstacle to success.** Amongst those who have been diagnosed and are now believed (posthumously) to have had ADHD (although of course this cannot be proven, retrospectively) are;

**Business Leaders**

Richard Branson, Bill Gates.

**Actors/Actresses**

Zoey Deschanel, Emma Watson, Michelle Rodriguez, Woody Harrelson, Ryan Gosling, Will Smith and Jim Carey.

**Athletes**

Karina Smirnoff, Simone Biles, Michael Phelps, Terry Bradshaw, Michael Jordan.

**Singers**

Justin Timberlake, Loyle Carnel, Solange Knowles, Will.i.am, Adam Levine, (John Lennon).

**Authors**

Dav Pikey, (Agatha Christie, George Bernard Shaw, Jules Verne).

**Historical Figures**

(Walt Disney, Mozart, Alexander Graham Bell, Thomas Edison, Albert Einstein, Leonardo Da Vinci.)

And remember! ADHD is not a disorder. It is a brain functioning difference which has its disadvantages, but also has some great benefits. It makes you more spontaneous, creative, energetic, imaginative, intuitive, and inventive than the rest of us. If you want to study hard and succeed, just remember the achievements of the above successful people with ADHD and this should give you all the inspiration that you need to **be the best that you can be**

**International Stress Awareness Week- How to minimise stress**

**Sleep well.** Sleep is essential for physical and emotional well-being. Experts recommend nine to 12 hours of sleep a night for 6- to 12-year olds.

Teenagers need eight to 10 hours a night. Sleep needs to be a priority to keep stress in check. To protect sleep, limit screen use at night and avoid keeping digital devices in the bedroom.

**Exercise.** Physical activity is an essential stress reliever for people of all ages. Some authorities recommend at least 60 minutes a day of Physical activity for children aged 6 to 17.

**Talk it out.** Talking about stressful situations with a trusted adult can help young people put things in perspective and find solutions.

**Make time for fun — and quiet.** Everyone needs time to do what brings them joy, whether that's unstructured time to play or uninterrupted hours to practice music or art. Also, while some children thrive bouncing from one activity to the next, others need more down time. Find a healthy balance between favourite activities and free time.

**Get outside.** Spending time in nature is an effective way to relieve stress and improve overall well-being. Researchers have found that people who live in areas with more green space have less depression, anxiety and stress.

**Write about it.** Research has found that expressing oneself in writing can help reduce mental distress and improve well-being. Some research has found, for example, that writing about positive feelings—such as the things you're grateful for or proud of — can ease symptoms of anxiety and depression.

**Learn mindfulness.** In a study of a five-week mindfulness training program for 13- to 18-year-olds, researchers found that teenagers who learned mindfulness experienced significantly less mental distress than those who did not.

**International Stress Awareness Week**

**Working Together to Build Resilience and Reduce Stress**

**Mon 7th – Fri 11th Nov 2022**

Mindfulness means paying full attention to something. It means slowing down to really notice what you're doing. You're focusing in a relaxed easy way on your body, it's sensations and your surroundings.

The NHS website says:

Studies show that mindfulness can help with stress, anxiety and depression. More research is needed to show whether it helps with other mental health conditions.

Many people find mindfulness helpful, but it's not right for everyone. Some people find that it does not help them, or that it can make them feel worse.

**Theme of the week**

**Those that came before us**

**Those That Came Before Us**

We've got a responsibility to live up to the legacy of those who came before us by doing all that we can to help those who come after us.
