10th January 2017

Dear Parent/guardians,

I would like to remind you about the school system regarding inclement weather conditions that affect school opening.

If there is severe weather such as snow that may affect closure, we will inform you via Parent TXT and the website if the school is closed as soon as the decision is made.

It is important that we have your up-to-date contact details to ensure you receive the message which will save you undue worry.

Last year we had a huge amount of phone calls from parents / guardians asking if school was closing. I hope you appreciate that the volume of calls means the phone lines are constantly engaged and, if the school is open, key absence calls or important messages cannot be reported.

Our primary concern will always be your child and the decision to close the school will always be made with your child's safety in mind. The decision will be made at the earliest opportunity so you can be in the position to make alternative arrangements for your children.

Many thanks for your understanding and continued support.

Kind regards

Mr R Swindells
Headteacher
